## General terms and conditions EPA Exhibition 2017

### 1. Scope of application

- a) The following terms and conditions of contract shall apply to the leasing of stand space by the contracting partner (exhibitor or other orderer) for the trade fair specified on the reverse side from the Mesago Messe Frankfurt GmbH (hereinafter: Mesago).
- b) These terms and conditions shall form an integral component of all our offers and contracts, even in ongoing business relations, and shall also apply to all future transactions with the contracting partner.
- c) Any terms and conditions of the contracting partner shall not establish any obligations on our part, even if we have not expressly rejected them. Any earlier general terms and conditions of contract or other terms and conditions of our own shall be replaced by these Terms and Conditions, unless expressly agreed otherwise with the contracting partner which must always be made in writing.

### 2. Conclusion of contract

- a) The stand shall be ordered by sending in the completed and signed registration form (A-1, A-1b and as the case may be A-3, A-4 and A-5) as well as the form A-2 "Product groups". The contracting partner shall be bound to the offer three weeks from our receipt thereof.
- b) With our confirmation of the stand, the lease agreement with the contracting partner shall become effective.
- c) If a stand confirmation is issued after an order, the content of the confirmation shall form an integral component of the agreement. If the contracting partner is a merchant entered in the commercial register, the contracting partner must lodge a written protest with us about any variations within 14 days.

### 3. Rent

The prices per square meter specified on the reverse side shall apply. Each initiated square meter shall be rounded up to the next square meter. The supports and columns shall be included.

### 4. Opening hours

For visitors, opening hours shall normally be daily from 9:00 hrs to 17:00 hrs; for the contracting partner, normally continuously from 8:00 hrs to 18:00 hrs. These hours are subject to change.

### 5. Assembly

The assembly shall normally be made from 15:00 hrs one day before the start of the exhibition until 20:00 hrs on the day before the start of the exhibition at the latest. These hours are subject to change.

### 6. Dismantling

The dismantling shall normally begin after the end of the exhibition. The stand must be fully dismantled prior to 22:00 hrs on the same day. These hours are subject to change.

### 7. Placement

We shall endeavor to provide the contracting partner the space provisionally foreseen in the stand confirmation. In order to distribute the exhibition space in an optimal fashion, however, we may allocate the contracting partner other space of the same quality, category and size.

### 8. Stand design

- a) To assure a sound overall impression, we have determined guidelines for the stand design which shall be binding for the contracting partner; these stand guidelines shall form an integral component of this agreement. The guide-lines are reprinted in the exhibitor manual online and may be viewed at [www.mesago.com/epa](http://www.mesago.com/epa).
- b) The construction, design and safety of the stand shall be the responsibility of the contracting partner. They must meet applicable law and our technical guidelines, which likewise may be viewed at [www.mesago.com/epa](http://www.mesago.com/epa).
- c) Presentations and displays of any type, the set-up of exhibitions and the distribution of advertising materials may only be made from the stand and in such fashion that visual, acoustic and other nuisances do not arise for other (particularly neighboring) stands, and that there are no impediments in stand and walkway spaces.
- d) In the event of any infringement of a), b) or c) above, we shall be entitled to request the contracting partner to discontinue the breach. If the breach is not discontinued immediately, we shall be entitled in accordance with Section 17 b). In such event, a contractual penalty shall further be due in the amount of 10-times the rent for the stand.
- e) The stands must be occupied by personnel during the opening hours pursuant to Section 4 and contain the exhibited objects.
- f) Manual or direct sales, particularly of exhibited goods or samples, shall be prohibited. "Manual or direct sales" shall mean any remunerative issue of goods or provision of services by the exhibitor on the fair grounds. Goods may only be issued free of charge.

### 9. Technical services

The organizer shall provide the general heating, cooling and lighting. The costs for the installation of water, electrical and telephone connections to the stand, the services used and materials consumed shall be billed separately to the contracting partner.

### 10. Terms and conditions of payment

- a) The rent for the stand shall be due in two equal installments. The first installment (request for installment) shall be invoiced to the contracting partner and mailed with the stand confirmation and shall be due immediately. The second installment (final invoice) less actual payments already made shall be charged at the earliest three months prior to the start of the event and shall likewise be due immediately.
- b) Invoices regarding other, separately ordered deliveries and performances shall be due immediately as of the invoice date.
- c) In the event of default, the interest rate stipulated by law shall apply at the rate of 9 percentage points above the base interest rate applicable on the default date (§ 288 (2) of the Civil Code).
- d) For each reminder to the contracting partner after the occurrence of default, we shall be entitled to demand a lump sum of EUR 6.00. The contracting partner shall retain the right to prove that no damage was incurred or that much less damage than this lump sum was incurred.

### 11. Reservations

- a) We shall be entitled to postpone, shorten, close in whole or in part or cancel the exhibition if compelled to do so due to grounds for which we are not responsible (e.g. labor dispute) or in the event of force majeure. The compensation payable by the contracting partner shall then be adjusted accordingly or shall no longer be applicable in the event of a full cancellation.
- b) If, in accordance with our experience, it becomes evident that the trade fair cannot have the desired success for the exhibitor due to insufficient participation in the exhibition or due to unexpectedly weak visitor interest, we may cancel the trade fair. The corresponding declaration must be received by the contracting partner two months prior to the planned start of the exhibition. In the event of a cancellation in due time, we shall not be obliged to compensate any expenses or damage.
- c) In the event of a cancellation of the trade fair, we must without undue delay repay the contracting partner any advance payment rendered by it.

### 12. Reclamations

- a) The contracting partner must lodge a complaint about obvious performance deficiencies or the absence or elimination of warranted features in such due time that we can procure redress.
- b) Only if we have not procured redress within a reasonable period or if redress is not possible or is denied, can the contracting partner, at its choice, terminate the contract without notice or demand an adequate reduction of the compensation.

### 13. Joint liability

- a) Any claims for damages against Mesago shall be excluded. This exclusion of the liability shall not apply
- in the event that a live, body or health injury is culpably (in the sense of the German legal term "schuldhaft") caused by Mesago or one of its employees, collaborators, other vicarious agents or representatives (hereinafter: Mesago-Team),
  - in the case that an intentional (in the sense of the German legal term "vorsätzlich") or grossly negligent behavior of Mesago or of the Mesago-Team is the basis for the damage claim.
  - in the event of a violation of a warranty (in the sense of the German legal term "Garantie") granted by Mesago,
  - in the case of mandatory liability, e. g. under the German Product Liability Act ("Produkthaftungsgesetz"),
  - in the event that Mesago or the Mesago-Team negligently breaches a material contractual obligation. However in the event that Mesago or the Mesago-Team negligently breaches a material contractual obligation the liability of Mesago is limited to the amount of damages that is typically foreseeable. A material contractual obligation is a contractual obligation, whose performance is necessary to execute the contract properly and whose performance the other Contract Party may regularly rely upon.

The aforementioned clauses do not imply any change of the burden of proof to the detriment of the exhibitors and contracting partners.

- b) If our liability is excluded or limited in accordance with the above provisions, this shall also apply to the personal liability of our employees, collaborators and other vicarious agents and representatives.
- c) We have entered into an exhibition insurance against common insurable risks, such as fire, break-in, theft, water damage, etc. We recommend that the contracting partner covers risks by applying at its own cost using the form foreseen for this purpose in the Technical Documentation.

### 14. Subletting/prohibition of assignment

- a) Without our approval, the contracting partner shall not be entitled to provide the stand allocated to it in whole or in part to a third party for use, particularly to sublet it or accept orders for other companies, unless the third party is a co-exhibitor (=a party appearing at the stand of the contracting partner with its own personnel and a range of

products) or a represented company (=a party not appearing at the contracting partner's stand with its own personnel but indeed appearing with its own product range in order to have the contracting partner offer such products). The contracting partner must inform us in writing before the start of the event regarding the person of the third party. The contracting partner shall be liable to us for any breaches by the third party and that the general terms of contract is also valid for and accepted by the third party. Co-exhibitors and represented companies are only such companies which are reported expressly in written form to Mesago with the separate forms "Application co-exhibitor" (A-4) and "Application represented company" (A-5) from the application form or the exhibitor manual online as co-exhibitors or represented companies.

- b) The contracting partner may not assign any claims against us to a third party.

### 15. Set-Off/retention

The contracting partner shall only be entitled to set off claims if its counterclaims are undisputed or recognized by non-appealable judgment.

### 16. Lien

To secure our claims, we hereby reserve the right to exercise a lessor's lien and to have the object under lien sold after written notice pursuant to the provisions of law.

### 17. Early cessation of lease agreement

- a) Early cessation of the lease agreement shall only be possible with our approval. If the lease agreement is ended early, the contracting partner shall remain obliged to pay us the full stipulated rent for the stand as damage compensation in lieu of performance. The contracting partner retains the right to prove that no damage was incurred or that much less damage than the stipulated rent for the stand was incurred.
- b) We shall have the right to terminate the stand lease agreement without notice if it is no longer reasonable for us to adhere to the agreement due to the conduct of the contracting partner. It shall "no longer be reasonable for us," for example, if the contracting partner is in default with a not insignificant portion of its payment obligations towards us or the contracting partner repeatedly breaches its other contractual obligations. In the event of termination without notice, we shall also be entitled to demand compensation from the contracting partner of the damage incurred by us due to the conduct of the contracting partner entitling us to terminate the agreement without notice.

### 18. Place of performance and jurisdiction

Stuttgart shall be the place of performance and jurisdiction, provided the contracting partner is a merchant entered in the commercial register or is a legal person in public law or a special public fund. We shall also be entitled to assert claims before the court competent for the registered office of the contracting partner. Any exclusive place of jurisdiction shall not be excluded hereby.

### 19. Privacy policy

The parties to the contract agree that we collect, process and use their personal data (particulars about personal and factual circumstances, e.g. name, date of birth, address, bank details) insofar as they are necessary to carry out the order. Your data will be passed on exclusively to the firms participating in organizing and running the fair concerning and those companies of Messe Frankfurt GmbH, Ludwig-Erhard-Anlage 1, 60327 Frankfurt am Main who are corporately connected with us.

### 20. Images, videos or sound recordings

The parties to the contract agree that Mesago Messe Frankfurt GmbH makes or has made film, image and sound recordings as well as drawings of exhibition stands and individual exhibits in order to document these or for their own publications, especially in Internet and for advertising purposes. The people who are reproduced and recorded here grant Mesago Messe Frankfurt GmbH the right to use the film, image and sound recordings with no restrictions regarding time or place. This permission of use especially includes production, publication, copying, exploitation as well as processing/altering and is thus also unrestricted in substance.

### 21. Miscellaneous provisions

- a) The following shall form integral components of agreement: the product groups viewable at [www.mesago.com/epa](http://www.mesago.com/epa), the building rules and the organizational, technical and other provisions viewable in the Internet at [www.mesago.com/epa](http://www.mesago.com/epa) and in the exhibitor manual online sent to the contracting partner before the start of the event.
- b) All covenants reached with us must be made in writing. This shall also apply to the simplification or rescission of this requirement for the written form.
- c) Should any provisions of our agreement with the contracting partner or other covenants with the contracting partner or these general terms and conditions of contract be or become invalid in whole or in part, the other provisions of the agreement or other covenants or these general terms and conditions of contract shall not be affected thereby
